

Subfoveal choroidal neovascularisation – initial authority application

Online PBS Authorities

Requesting PBS Authorities online provides an immediate assessment in real time.

For more information and how to access the **Online PBS Authorities** system, go to servicesaustralia.gov.au/hppbsauthorities

When to use this form

Use this form to apply for **initial** PBS-subsidised aflibercept, brolucizumab, faricimab or ranibizumab for patients with subfoveal choroidal neovascularisation.

Important information

Initial applications to start PBS-subsidised treatment for each eye can be made in real time using the **Online PBS Authorities** system or in writing, and must include sufficient information to determine the patient's eligibility according to the PBS criteria.

Where both eyes are affected by the condition, a quantity of 2 units can be requested through the same authority application.

Authority approval for initial treatment of each eye must be sought.

Under no circumstances will phone approvals be granted for subfoveal choroidal neovascularisation **initial** authority applications.

The information in this form is correct at the time of publishing and may be subject to change.

Continuing treatment

This form is **ONLY** for **initial** treatment.

After an authority application for **initial** treatment has been approved, applications for **continuing** treatment with aflibercept, faricimab or ranibizumab for the same eye as per the PBS restriction is **Authority Required (STREAMLINED)** and does not require prior authority approval from Services Australia for the listed quantity and repeats.

After an authority application for **initial** treatment has been approved, applications for **continuing** treatment with brolucizumab for the same eye can be made in real-time using the **Online PBS Authorities** system or by phone. Call 1800 700 270 Monday to Friday, 8 am to 5 pm, local time.
